### Cal OES INLAND REGION

#### **Oroville Dam Spillway Scheduled Water Release, Butte County**

On 03/31/19 at 1126 hours, the California State Warning Center was notified by the Department of Water Resources (DWR) that the Emergency Action Plan (EAP) for Oroville Dam High Flow Operations has been activated. This is a precautionary measure only. No hazard or threat to the Oroville Facilities exists.

Per DWR and Cal OES Dam Safety:

- DWR plans to release water from the Oroville Dam main spillway on Tuesday, 04/02/19.
- This will be the first time that the spillway is being tested and they are taking a variety of precautions, one of which is to activate the EAP.
- Releases to the Feather River are anticipated to be up to 30,000 Cubic Feet Per Second (CFS) with between 10,000 and 20,000 CFS from the main spillway.
- [DWR may increase total releases to the river again later this week to between 40,000 CFS and 60,000 CFS to manage lake levels.](#)
- [Flows in the Feather River may exceed the amount released from the lake due to other natural inflows.](#)
- Forecasts can change quickly and may affect projected operations.
- DWR will continue to notify local emergency management agencies and entities along the Feather River of significant changes in releases from Lake Oroville.
- Dam Safety will stay engaged with the dam owner throughout the water release and keep the CSWC up to date if anything changes.
- IDO has confirmed with Butte County OES, that they are receiving notices directly from DWR.
- There is widespread Local Media coverage of the planned releases from the Oroville spillway on 04/02/19.
- The CSWC will continue to monitor the situation and provide updates as they become available.

### Cal OES COASTAL REGION

- Nothing significant to report.

### Cal OES SOUTHERN REGION

- Nothing significant to report.

## FIRE ACTIVITY

### Cal OES Fire Preparedness Levels

National	Northern California	Southern California
Preparedness Level 1	Preparedness Level 1	Preparedness Level 2
	Multi-Agency Coordination System MACS Mode: 2	Multi-Agency Coordination System MACS Mode: 2

**Service Interruptions:**

- None reported.

# **WEATHER OF CONCERN**

## **NORTHERN CALIFORNIA**

- A cold front will move through the area early tomorrow morning, which will mark more widespread precipitation, locally heavy in some locations.
- A brief period of moderate to heavy snow will be possible.
  - Mainly be at elevations 7,000 feet and above where a Winter Weather Advisory is in effect.
- Tomorrow afternoon will have a chance of thunderstorms, which can produce heavy rain, small hail, and gusty winds.
- Wednesday will have some scattered showers over the northern mountains.

## **SOUTHERN CALIFORNIA**

- Slow cooling trend will began today and will continue through the week.
- There is a slight chance of rain late Thursday through Sunday.

### **Active Weather Warnings, Watches and Advisories by County:**

- <http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

# **WEATHER KEY POINTS**

**04/01/19 - 04/07/19**

## **Monday-Wednesday**

- A relatively minor storm system is expected to move across northern California to start the week, with valley rain and mountain snow showers for the northern half of the state
  - Generally 0.50-1.00" precipitation expected across portions of Coastal and Inland Regions
  - There is a slight chance of thunderstorms today and Tuesday, which could bring brief heavy rain or small hail
  - Some minor mountain travel impacts possible along the higher passes due to light accumulating snowfall
- Gusty winds increasing across Southern Region, especially Tuesday and Wednesday
- Most of the precipitation is expected Monday and Tuesday, with a relative break on Wednesday

## **Thursday-Sunday**

- A stronger and wetter storm system could bring moderate to heavy rainfall to northern and central California to end the week, with Friday and Saturday as the most likely days for heavy rain
  - Confidence in details with this storm should increase through the early portions of the week

# Cal OES LAW ENFORCEMENT MISSIONS

## Cal OES Law Missions

- **2019-LAW-608, 04/01/19, 0602 hours:** IERCC received an InReach PLB activation, 34.559716/-119.072828 near Sespe River Trail in Ventura County. RO remarks: Suffering from heat exhaustion, vomiting; 6 miles from trailhead. She began hiking yesterday from Piedra Blanca Trail Head. She camped overnight and was going to try to hike out, but did not believe she could make it. Ventura County Sheriff Office is coordinating response. **MISSION ONGOING.**
- **2019-LAW-558, 03/29/19, 0851 hours:** Butte County Sheriff's Office, requested 2 HRD K9s for a Law Enforcement sensitive mission. Mission schedule for 04/05/19 at 0800 hours. Cal OES LEB canine coordinator is coordinating the request. **MISSION ONGOING**
- **2019-LAW-526, 03/27/19, 0830 hours:** Santa Cruz SO, requested 7 HRD canine teams to assist with a Law Enforcement sensitive mission. Mission scheduled for 04/06/19. Cal OES LEB canine coordinator is coordinating the request. **MISSION ONGOING**
- **2019-LAW-510, 03/27/19, 1915 hours:** Sacramento Sheriff requested Solano Sheriff to provide mutual aid for a dive recovery mission. On 03/26/19, a vehicle traveling on US 50 at Pioneer Bridge was involved in a collision. The vehicle traversed off the bridge into the Sacramento River. Due to the depth of the vehicle, and several identified hazards in the area, Sacramento Sheriff requested Solano Sheriff's Dive Team, specialized equipment, and personnel. On 03/27/19, Sacramento and Solano personnel conducted an assessment of the mission. It was determined that a specialized barge will be needed to safely conduct the recovery. CHP and Sacramento Sheriff are working in a Unified Command posture for this incident. Cal OES Law Enforcement Branch (LEB) Assistant Chief has assumed coordination of this incident, and scheduled an agency stakeholder meeting on 03/28/19. **Update, 03/29/19:** Sacramento and Solano Sheriff's dive teams will dive on 03/30/19 to locate and identify the truck, and attach marker buoys. The recovery phase will depend upon arrival time of an ordered barge & crane. **Update, 03/30/19:** Due to hazardous river conditions on 03/30/19, mission goals were not achieved. Efforts will continue on Monday, 04/01/19. **MISSION ONGOING**

# Cal OES MISSION TASKING

## Cal OES Missions

- **2019-SOC-275:** Request for Caltrans Engineer to provide initial technical assistance and determine the scope of the storm drain assessment project alongside city contractors for the town of Paradise. (Coordinating)
- **2019-SREOC-57753:** Requesting equipment to excavate material from under road culverts. (On Scene)
